Knowledge is the highest beauty in man and it is the secret wealth. Success comes to those who have knowledge and they really enjoy and make merry. Knowledge is the highest preceptor itself. When one is in foreign land, knowledge is the closest friend and supreme knowledge, not wealth, is really respected and revered by the rulers. One without knowledge is like an animal.

HISTORY OF THE SCHOOL

Vapi Public School, a private unaided, co-educational institution was started in 2005. The management realized the need for the development of educational infrastructure in Vapi west due to the rapid growth of residential complexes in Vapi town and on Daman-Silvassa road. Hence, Little Angels Education Trust was formed in 2003 and Vapi Public School was established.

Today Vapi Public School (GU030) is the only school in Vapi which is affiliated to Council for the Indian School Certificate Examination (CISCE) and has established itself as a premier, progressive institution, running classes from Class I to Class XII with the ICSE& ISC curriculum.

The first batch of ICSE passed out with flying colours in 2014 with 100% result and the topper securing 93.4 %.

The first ISC Commerce Batch appeared for exam in 2016, The First ISC Science Batch appeared for exam in 2017 and The First ISC Humanities Batch appeared for exam in 2019. Thus, we are proud to have full-fledged ISC classes for all streams and students have come out with flying colours in every board exam since then.

Vapi Public School aims to provide an atmosphere where children can develop basic skills & high standards for their work with active support and participation of parents. The school endeavours to provide an all round exposure to each student laying emphasis on academics as well as sports. Co-curricular Activities Like Karate, Yoga. Music. Dance (Classical & Contemporary) Pottery, Embroidery, Needle & Thread are taught through an innovative curriculum. All Round Training in Excellence (ART Excel Medha Yoga) and Youth Empowering Seminars (YES- Uttkarsh Yoga) are also part of the curriculum. The well designed curriculum develops skills sequentially addressing the various needs of children. The school has introduced progressive concept of Subject Labs for Languages, Mathematics, Environmental Science and General Knowledge. Here knowledge is imparted through activity based learning, latest educational trends in pedagogy are followed to make the process of learning interesting and child centered.

Vapi Public School believes that each child is unique with inborn talents and potential for physical and mental growth. The school is the place where this individuality is encouraged by personally focusing on the development of each child.

Our vision is "To make our Students Global Citizens and Future Leaders" with High Spiritual Quotient, Ample Intelligence Quotient & Exceptional Emotional Quotient.

FROM THE PRINCIPAL'S DESK

It is a matter of great pride and privilege for me to be a part and parcel of such an educational institution which is the first and only school in Vapi, affiliated to the Council for the Indian School Certificate Examinations (CISCE), where one can utilize and focus the energy, in developing and motivating students towards all round development. Right from the beginning our institution has strived to achieve over curricular and extra-curricular activities by training the heart, mind and body of our students. We root our values in the sacredness of human life and try to instil in our students mind the significance of the dictum "Exist and Coexist". Hence community service is introduced from junior classes and it takes a pivotal position in grooming our student's perception towards their social responsibilities.

In this modern age of competition, I want my students to be the best in their field of choice and also come out as wholesome individuals with ethics & values. We want to be instrumental in bringing up a peaceful society that is well educated in mind, thoughts, words and actions. I believe every human being is born with Intellectual Quotient. We at VPS work towards developing the Spiritual & Emotional Quotient of students for their holistic development.

I am pleased to see the pace at which the students and the school are winning acclaims and reaching great heights. With great satisfaction I would like to share that our batches of ICSE (Class X) and ISC (Class XII) students have been performing exceptionally well over these years and producing 100% results.

May God shower all his blessings and strength to fulfil the vision and mission of my school.

***"Every child is a rare, unique, original Master piece...
