Painting by Hiran Keni, Educator

Lt. Col. (Retd.) Vijay S. Bedekar

 Sunrise : October 24, 1936

Sunset : February 28, 2023 

In the memories of Bedekar Sir

You had been a guiding light, source of wisdom,
an encouraging mentor, and a pillar of strength
for us, in VPS.

**Impact of your words will remain in
our deeds forever.**

**Remembering with gratitude
VPS family**

जातस्य हि ध्रुवो मृत्युर्ध्रुवं जन्म मृतस्य च ।
तस्मादपरिहार्येऽर्थे न त्वं शोचितुमर्हसि ॥

**A Commendation from the esteemed Chief Minister of Gujarat
Mr. Bhupendra Patel, Chief Minister of Gujarat,
addressed to Dr. Alpa Kotadia, Executive Director and Senior Principal of
VAPI PUBLIC SCHOOL
In Appreciation for Street Play and E-Samanvay(Annual School Magazine)**

VISION

To make our students Global Citizens and Future Leaders of
'ONE WORLD FAMILY'

MISSION

To Fulfill the Vision :

- The School's mission is to provide students with Educational Environment which is conducive to learning beyond the books.
- It seeks to give ample exposure to social awareness and current affairs, opportunities to develop Leadership Qualities of decision making, thinking and oratory skills and encourages Exploring Minds to mould with Compassion, Ethics, Morals and Values.

Continuous Quality Improvement

Vapi Public School is a premier educational institute accredited by the National Accreditation Board for Education and Training (NABET). Vapi Public School is committed towards continuous quality improvement and has undergone a process of Quality Assessment by the NABET, a constituent board of Quality Council of India (QCI).

Our accreditation by NABET ensures that school meets stringent quality standards in curriculum, infrastructure and overall educational practices, making the school system driven.

From the Executive Director and Senior Principal's Desk

As we embark on another year of creativity and learning, I am thrilled to extend my warmest greetings to parents, students and staff that comprise the VPS family. As you all know, Samanvay serves as a testament to the talent, dedication, hard work and creativity of our students and educators. It is a reflection of the vibrant spirit, vivacious vision and vivid manifestation of the vision that defines our school.

As we turn the pages of this year's Samanvay, we see that it mirrors our collective achievements, aspirations, memories, successes and the limitless potential of our students.

Together with academic enhancement Co-Scholastic activities are woven into our curriculum to foster creativity, critical thinking and problem solving skills. Besides enhancing Social Skills, Empathy, Confidence and Emotional Intelligence, it empowers students to become well-rounded versatile successful individuals. Co-Scholastic activities also prepare them to live in 21st century as a contributing, Global Citizen.

I appreciate you, students, for your passion, dedication and hard work in participating in all school activities, opportunities and planned events provided to you through both internal and external sources like IC3 Or KRUU.

My heartfelt gratitude to the faculty and staff for your unwavering commitment and support in nurturing our students and motivating them to be shining stars.

I congratulate the editorial team consisting of both facilitators and students for bringing up this beautiful journal for your perusal.

Vasudhaiva Kutumbakam!

With warm wishes and blessings

Dr Alpa S. Kotadia

Executive Director and Senior Principal

From the Editor's Desk

"You use a glass mirror to see your face. You use works of art to see your soul."

– George Bernard Shaw

Every mirror reflects a face in front of it, similarly, every piece of art comes from the soul and is unique for the artist. "Samanvay" is a reflection of the creativity, activities, achievements, innovations, and progress made by the students during the academic year. From literary work to artwork, it brings the essence of campus life and reflects the soul of the school.

The good news is that in this year's issue, we change from digital to hard copy, and we hope that it will adorn a prime place in your drawing room or coffee table for everyone's discourse.

I thank the Executive Director & Senior Principal and school management for their kind consideration regarding the publishing of 'Samanvay' and for their contributions. I thank the team of editors consisting of educators and students for going through the plethora of students' contributions, choosing the right ones, and editing them. I am also proud of the punctuality, respect, and responsibility you all displayed during the work schedule. Congratulations!!

I am grateful for the creativity, dedication, passion, and effort of the student body and educators who brought life to these pages. Let us work together to tap the undiscovered potential among the students, and inspire, create and leave footprints for the world to follow.

Developing Leadership

Through Student cabinet in school 2023-24

REFLECTIONS

Mirror the effect of Co-Scholastic activities

HEAD GIRL

Piya Merchant

The role of a Head Girl holds utmost respect and tremendous responsibility. We got ample opportunities to develop and demonstrate our leadership, like planning and organizing events, coordinating for various events, presiding over cabinet meeting, evaluating issues and resolving them, giving our inputs in the management affairs, developing the confidence to face the assembly and lead the students. Our Honourable Executive Director and Senior Principal Dr. Alpa S. Kotadia, our guiding light throughout

the year, Ma'am kept us motivated by her words and kept us going in the right path. The student cabinet training by her taught that a leader is someone who does not just makes the path and asks everyone to come along; She taught us to be a good leader. She taught us how respect, punctuality, and proper execution of our responsibilities help us to achieve different goals. The year was full of learning and experiences. The message for upcoming cabinet would be that you should know your duties and fulfil them, do not wait for an opportunity, take the opportunity which awaits for you.

HEAD BOY

During the term as the Head Boy of VPS, my leadership skills have improved exponentially. Starting from the election process, I learnt the value of sportsmanship and skills in public speaking and interaction. Being in this position taught me to be a leader and how our small actions have greater impact on others around. It has taught me that we can only move forward as a team. From hosting functions to escorting dignitaries and helping to organise Inter House Competitions offered a new opportunity for me to learn and

Vihaan Shah

I am forever grateful to my school for it. Our Executive Director Principal and Senior Principal Dr. Alpa S. Kotadia ma'am was a guiding light for me throughout this journey. There is so much to learn from her. The way she keeps learning new things and keeps herself updated with the changing world is commendable. The thoughts and values she consciously and subconsciously inculcates in us, help us in becoming a responsible, knowledgeable and a better global citizen "Legacy" would be a big word for me but, let me quote my symbol spider man, "with great power comes great responsibility", I would just wish the future Head Boys to continue the legacy believe in yourselves, be more responsible, respectful and robust, keep dreaming and God be with you.

ARAVALLI

Aravalli House

Motto: "Unity is Power"

"If you have a dream, don't just sit there, gather the courage to believe that you can succeed and leave no stone unturned to make it a reality."

Aravalli house students are an integral part of a comprehensive program aimed at enhancing, nurturing and developing personality to achieve good results.

Apart from number of invigorating activities, morning school assemblies have always remained an integral and indispensable part of the soul of VPS.

Our teammates worked hard, throughout the year and took up all the responsibility with honesty. To see our House reach the expected heights, we worked a lot on academic and co curricular skills in the last academic year.

At last we would like to thank the school management for giving such a great opportunity. We also thank the House Captains and Vice Captains for supporting us throughout the year. We wish all the best to the future captains and house guides.

House Captains: Rutva Saxena & Pradnya Chitre

House Guides: Ms. Elvira Rocha and Ms. Neha Poojary

Himalaya House

Motto: "Never Give In"

"Patience, persistence and perseverance make an unbeatable combination for success."

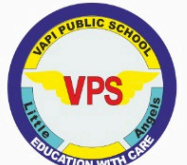

We, the Himalaya House, symbolize 'Panther' who has the grasping and galloping power. With a great zeal and motivational support of the House guide and in-charge teachers, the captains, vice- captains along with the team of students exhibited our talents and could prove our caliber in versatile activities throughout this year.

We put up a tough competition to our fellow Houses and with our will power and persistence we accommodated top most positions in the inter house quiz, elocution, declamation and spell bee competitions.

We could prove our wit and attained appreciation for assembly skits, display board presentation and sports achievements. We deem it our great honour to be entrusted with the responsibility of being captains and develop our leadership qualities to concrete the vision of VPS.

House Captains: Dhyey Dave & Pal Shah

House Guides: Ms. Swati Das and Ms. Gagandeep Gaba

HIMALAYA

NILGIRI

Nilgiri House

Motto: "Truth prevails"

"Keeping together is progress, Working together is success."

Having firm faith in the above saying, Nilgiri House believes that starting point of all achievements is desire as it is the key to motivation. Our House symbol 'Tiger' symbolizes strength, courage, fearlessness, commanding, respect and admiration. Our house motto "Truth prevails" helps us to face all task with a smile and make us able to achieve colours of success.

Our journey as a house guide was challenging as we have to develop leadership attribute in our students and we were privileged to lead this enthusiastic House and surely with the constant cooperation of our House captains, vice- captains and our House members, we achieved the goal. Each and every student gave their best in assembly with the help and motivation from house guides and house members.

With the hard work and dedication we were declared as the Best House of the year and won House Championship Trophy and overall Sports Championship Trophy due to skills and efforts put in by our students. At the end we extend our sincere thanks to our Nilgiri House family for their cooperation and coordination and to our school management and our Executive Director and Senior Principal for reposing faith in us.

House Captians: Hrutv Pavagadhi & Soumya Patil

House Guides: Ms. Satyabhama Mishra and Ms. Anju Singh

Vindhyachal House

Motto : "Learn to Lead"

At the forefront of all activities is the school vision that encourages our children towards becoming global citizens and future leaders of our country. Our motto "Learn to Lead" has been designed with the same vision to propel the students in this direction. Our students participated wholeheartedly in all the events throughout the year.

The enthusiasm of the children of our House was infectious- be it being a part of the morning assembly, putting up the display board or participating in various competitions.

Vindhyanchal House students made their presence felt in every competition by winning prizes. The Annual Sports Day events were keenly contested where the hardwork and the dedication of our students led them to the overall second position. the trophy for the Academic Excellence was bagged by us.

The benchmark has been set and Vindhyanchal House students will continue to rock in the years to come!

House Captians: Aromal Madakavil and Tvisha Patel

House Guides: Ms. Sandhya Rajan and Ms. Bindya Pandorwala

SCHOOL CLUBS

Cultural Club

To cultivate unity, punctuality, team-work and management ability. Develop communicative, problem solving and creative skills by working with same goal in same social and cultural status.

Literary Club

MUN – Model United Nations

MUN Club (Mock Parliament) was started at VPS in 2018 as an activity to simulate researching, public speaking and debating skills. Students from class VI and above enthusiastically participate in the activities of this club. It is to enhance their interest and debating skills along with developing them to be global citizens and future leaders of the World.

Hindustan Scouts and Guides Association & National Cadet Corps (NCC)

- Hindustan Scouts and Guides - To support young people in their physical, mental and spiritual development, that they may play constructive roles in society, with a strong focus on the outdoors and survival skills.
- National Cadet Corps (NCC Naval) - To increase spirit, comradeship, regulation, secular attitude, spirit of adventure and ideals of selfless service among young students.

Pragya GK Club

In VPS Pragya GK Club has been established to increase student's awareness and understanding of diverse topics beyond curriculum.

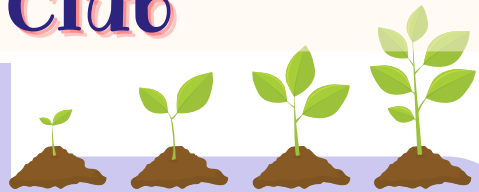

We are proud of our students who had reached the ASISC National level Quiz competition at Bhubhneshwar securing 5th position.

Junior team: Abhiram Bodapati and Dhyey Shukla

Senior team: Dhairya Pandya and Aadithya Thuruthy

Prakriti Club

To sensitise the students, staff and parents towards nurturing the nature and protect and preserve it for posterity. To keep the environment clean and avoid the wastage of natural resources

To create awareness about safe and healthy well-being practices and prevention of sexual harassment.

Health is wealth

Objective of Socially Useful Productive Work in schools, to foster practical skills, community engagement, and make students socially responsible citizen through hands-on activities and projects.

Socially Useful Productive Work

Adult Literacy

Samyukta

Parent-Partnership Programme

To involve parents to contribute and strengthen the development of children.

The School Management is thankful to parents who gave their valuable time to make this project successful.

Emergency Evacuation Drill

At VPS Evacuation drills for emergencies like fire, earthquake, and outdoor threat are conducted.

They are crucial for safety of students, teachers and all others present in the school campus.

In Our school, Evacuation Drills and Orientations about safety are conducted term wise to prepare students and staff for potential crises ensuring everyone knows what to do and where to go in emergencies. During drills ,teachers and Cabinet members guide students through procedures, emphasizing calmness and cooperation to ensure a safe evacuation.

Community Services of VPS

Blood Donation Camp

Traffic Awareness

Tree Plantations

E-Waste Collection

Joy of Giving

Pollution Day

Interact Club of VPS

Glimpses of Activities (2023-24)

To make students socially aware and culturally sensitive human beings and help to build a pluralistic society.

PEACE Day

Peace Day serves as a reminder of the importance of harmony and cooperation in our daily life. It's a time to reflect on the values of tolerance, empathy, and respect for one another, regardless of our differences. At VPS, students who actively promote peace are recognized and honored with a Peace Award.

APPRECIATION WEEK

Celebrating appreciation week
Strengthens a positive and supportive atmosphere by expressing gratitude and acknowledgment for teachers, office team, student volunteers and support staff who contribute to the school's success and well-being.

well done !

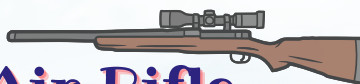

Nakshatra Astronomy Lab

Vapi's first ever astronomy lab at VPS was inaugurated on 28th February 2019 and an integrated programme of teaching astronomy along with regular subjects was introduced in the curriculum. It gives them hands-on experience, excitement and enlightens students about the Universe.

Lakshya Air Rifle Shooting Range

Lakshya Air Rifle shooting range, the first of its kind in Valsad District was inaugurated at Vapi Public School (VPS) campus on 15th August 2016.

Students acquire skills in observation, concentration, goal setting and sharp shooting by participating in it.

Student's Write Up

Downtime Melancholy

In the final agonizing minutes of a class,
As the minutes crawl like hours, oh, alas,
The clock ticks slowly, as if in a race,
In the world of mundane, this is the last place.
But in that minute, in the ordinary haze,
Mundane things take on a different gaze.
A yawn, a sigh, a whispered sigh,
Becomes a dance of moments passing by.
A pencil tapping on a desk so plain,
Seems to echo in that last- minute lane.
The rustling of papers, a subtle sound,
A symphony of mundane, all around.
The flicker of the lights as they prepare to go,
Marks the end of the class, it's time to show.
That even in the mundane, there is a kind of grace,
In that last one minute, a change of pace.
For it's in these moments, simple and slight,
That life's true beauty comes to light.
In the world of mundane, where moments amass,
There's magic even in the last minute of a class.

Aadithya Thuruthy

The 21st century women

You won't be able to offer her the moon,
cause she has the stars in her eyes;
The evening will be lit,
and her beauty will be your wine;
Don't mistaken her for her looks,
she might look like a daydream and still leave
you crying;
She will take pride in your glory,
if you treat her right;
In the dark and grey sky of your life,
she will be the silver ray of light;
Her words are her weapon,
her mindset an asset;
She is a daughter, a sister and a mother,
and she will live this journey as she manifests!

Vrushti Shah
XII Science

Monday Morning

My Monday morning is lazy,
Its's a lot crazy and busy
I don't want to wake up on Monday morning
I just want to sleep whole day and grin.

My Monday morning is not happy at all,
I feel like that time like creepy,
I think monday should be optional,
No day between sunday and monday
On every monday morning
my mother wakes me,
But I hide in my blanket secretly
After sundays, schools should be finished,
Because monday morning is actually rubbish.

Atul Arjariya
VI- Gamma

A While Can you stay?

Because it's the fate's play,
That you are going away.
How will I live without,
Your smile, that comforts me
Your laugh, the most beautiful melody
Your eyes, a beautiful scenery
Your voice, which brings me serenity
Your hugs which are as warm as a blanket on a cold
winter night,
Your hands, which I like to hold onto tight.
There are just memories left behind,
To hold onto for a little while
You promised to come back
Because days without you are black,
You are going away,
With a promise that
our future's gonna be okay!

My Mother

The most important person in
my life is my mother
She is sweet like sugar and spicy like chilli
I have to know many things
to learn with fun
Her voice is like a shot of gun
She is soft like flowers,
But has too many powers
She is cool like my friends
And knows many trends.

-Ritvi Dharmi
VI- Gamma

Destiny

Life is uncertain just like meeting you,
Don't know it's for worse or good
But having you makes me the happiest .
We met when we were kids now we are older,
We used to jump and dance everyday but now
we barely meet
But when we do it's like nothing has changed
We sing our hearts out and talk about the
stupidest things
I don't want this to end , let's celebrate all
festivals together
Never loose touch, never say goodbye
Let's just always be together
No matter how old we turn to be
Let's promise to nag each other throughout our
lives ,
Stand by each other during our highest and
lowest times,
Cause ,we might get old and die but our
friendship will last forever.

-PAL MIHIR SHAH

FOUR WHOLE YEARS

It's been four whole years,
Since I dried up all my tears,
It's been four whole years since I played hopscotch in the
streets,
And stared in the awe at the squirrel we used to call 'KEETS'
As he ran up that one huge tree,
The one that rooted right outside my granny's house and
smiled with glee,
It's been way to long since I saw that enormous dog,
That used to drag it's trainer along.
To it's menacing bark anyone would bow,
It's probably dead now.
It's been four whole years,
I am surrounded by my fears,
Because it's been four whole years since I smelt those wild
pigs,
With a mop of hair that looked like wigs,
And it's been a long time since I stumbled down the corner
shop.
Where to reach the counter I had to hop,
To buy a single packet of Maggie,
Back when my clothes could be considered baggy,
Oh, what to dream to live like that,
When I was Healthy, Not Fat.
It's been four whole years
The end is almost near,
It's been four whole years and those streets I want to roam,
Maybe visit the place that used to be my home,
Since I saw Barbie movies,
On DVD, with ease,
Remember all those familiar faces,
Before everyone chose their own places,
It took an eternity to leave that child behind,
And I guess, I just pressed on rewind.

The Teenage Journey: Embracing Growth and Discovery

Being a teenage girl is like walking a tightrope between excitement and uncertainty. Every step I take brings a new challenge and opportunity for my growth. It's a time of intense emotions and self-discovery, where friendships, social media, and academic pursuits all play significant roles in shaping who I am and who I want to become.

One of the most profound aspects of adolescence in my journey of self-discovery is about figuring out what makes me unique, what I'm passionate about, and where I fit into the world around me. Every day feels like a new chapter in understanding myself, my dreams, and the values that guide me. Friendships are our lifelines during these years. They're more than just my companionship; they're my confidants, my support system, and the people who understand me in ways no one else can. Navigating friendships teaches us empathy, loyalty, and the importance of standing by each other through thick and thin.

Social media adds another layer to our teenage experience. It's a platform where we showcase our lives, share our thoughts, and connect with others. But it also comes with pressures-likes, comments, and comparisons-that can sometimes make us question our worth or the authenticity of our relationships.

School is both a challenge and an opportunity for growth. It's where we learn, not just academically, but about ourselves and our capabilities. Balancing studies with extracurricular activities and personal interests teaches us time management, resilience, and the importance of pursuing our passions.

Despite the ups and downs, being a teenage girl is a journey filled with resilience and hope. It's about embracing my imperfections, learning from my mistakes, and celebrating my achievements, no matter how small. Each experience, whether joyful or challenging, shapes us into stronger, more compassionate individuals ready to take on the world.

In essence, these teenage years are a time of discovery, growth, and self-definition. It's a journey we navigate with courage, curiosity, and an unwavering belief in our potential to create meaningful change in our lives and the world around us.

Experience of touching the stars

On 3rd of February, Vapi Public School organised a star gazing session for the lucky students of class 6th to 9th. Mr. Pragnesh, a scientist from Dharampur district came to conduct this session. I saw Jupiter, it's four moons, many of the star clusters from their electric telescope. I felt I was touching them with my hands.

We also discussed about many galaxies, light years, and many more scientific facts with the sir. I also got a chance to get into the van where he was explaining everything about physics related to immiscible liquids and eye illusions. I would like to thank VPS and Executive Director and Senior Principal Dr. Alpa Kotadia for organising such wonderful sessions, and be looking forward for more.

AI and Education: VPS's Leap into Tomorrow's Technology

Artificial Intelligence (AI) is revolutionizing our world in ways we might never have imagined. From voice-activated assistants like Siri and Alexa to advanced robotics and smart home systems, AI is increasingly becoming a part of our daily lives. But what exactly is AI, and how is it transforming our world? Artificial Intelligence, or AI, refers to the capability of machines to mimic human intelligence.

As AI continues to evolve, its potential applications are virtually limitless. AI is more than just a technological advancement; it is a transformative force that is reshaping our world.

This year, VPS has taken a giant leap into the future by introducing AI as a new subject for its students. The course aims to provide a comprehensive understanding of AI, covering its fundamentals, real-world applications, and the ethical implications of this cutting-edge technology.

AI helps in identifying and nurturing leadership qualities from a young age by providing tailored resources and feedback. It equips future leaders with critical thinking skills and a global perspective, essential for navigating and solving the complexities of our interconnected world. AI is not just a technological advancement but a catalyst for creating a more inclusive, empathetic, and united global community, where everyone can contribute to and benefit from the shared prosperity of a "one world family."

-Matiksha Mangela, Educator at VPS

શિક્ષક- એક દેશભક્ત

ગુરુ જ્ઞાનનો સાગર છે, જીવનનો આધાર છે. આ શબ્દ માત્ર બે અક્ષરનો છે પરંતુ એની વ્યાખ્યા ઘણી વિસ્તૃત છે. ગુરુ એક સંસ્કૃત શબ્દ છે જેનો અર્થ છે, આપણને યોગ્ય માર્ગદર્શન અને કેળવણી આપી અંતિમ લક્ષ્ય ને પ્રાપ્ત કરવાના પથદર્શક ગીતાના અનુવાદ મુજબ ગુરુ એટલે જે અજ્ઞાનરૂપી અંધકારથી જ્ઞાનરૂપી અજવાળા તરફ લઇ જાય. આજના આધુનિક યુગમાં ગુરુ શબ્દનું સ્થાન ટીચર જેવા શબ્દએ લઇ લીધું છે પરંતુ ગુરુ એતો અત્યંત ઊંડાણનો શબ્દ છે, વેદોની ભાષામાં શિક્ષક એટલે આચાર્ય જે પોતાના જ્ઞાનને તેના શિષ્યો એટલેકે વિદ્યાર્થીઓ સુધી પહોંચાડે છે. આજનું શિક્ષણ અતિ ઝડપથી વિકાસ પામતું, મોંઘા મૂલે મૂલાવતું અને માનવતાના મુલ્યોને ભૂલવતું બની રહ્યું છે. કડવી વાસ્તવિકતા છે કે આધુનિક સમયમાં શિક્ષકોને કદાચ માં-સન્માન જે મળવાપાત્ર તેઓ છે એનો ક્યાંક અભાવ છે, છતાં તે સોશીયલ મીડિયાથી આંગળીના ટેરવે વિદ્યાર્થીએ મેળવેલા જ્ઞાનનો સદુપયોગ વર્ગખંડ ના દરેક વિદ્યાર્થીને સમાનગણી શીખવવાના પ્રયત્નો કરતો રહે છે. સોશીયલ મીડિયાથી મળેલું જ્ઞાન માણસની લાગણીઓ અને પ્રેમને કેવી રીતે સમજવું એ ન શીખવી શકે, જ્યારે શિક્ષક વિદ્યાર્થીઓના વિચારોને સમજી એને યોગ્ય દિશા આપી શકે છે, એને લાગણીઓની ભાષા સમજતા શીખવી શકે છે. દેશ માટે લડતા સૈનિકને સૌથી ઉચ્ચ સન્માન મળે છે, કારણ તેઓ આતંકવાદી વિચાર ધરાવનારનો અંત કરે છે અને તેથી જ તેઓ દેશભક્ત કેહવાય છે. તો હું શિક્ષકને પણ દેશભક્ત ગણીશ કારણકે તે સમાજમાં આતંકવાદી વિચારોનો અંત કરવા હંમેશા પ્રયત્નશીલ રહે છે. વિદ્યાર્થીના જીવનમાં જ્યારે લક્ષ્યની અનેક દિશાઓ હોય અને મૂંઝવણોને પાર ન હોય ત્યારે શિક્ષક જ સાચો માર્ગ બતાવે છે. નાની - નાની વાતોમાં, પાઠમાં સત્ય - અસત્ય, પાપ - પુણ્ય અને ધર્મ - અધર્મ જેવા જીવનના અગત્યના પાઠ પણ શિક્ષકો જ તો ભણાવે છે. મહાન શ્રી યાણક્ય એ તેથી તો કહ્યું છે, "પ્રલય અને નિર્માણ બંને એક શિક્ષકની ગોદમાં ઉછેરે છે." તો આજે ઉંમરના એક પડાવ સાથે મારા બાળકો સાથે હું હસી લઉં છું, રમી લઉં છું, વાતો કરી લઉં છું, કાઈક શીખી લઉં છું, અને મારું બાળપણ વારંવાર જીવી લઉં છું. જે મને રોજ સવારે સ્ફૂર્તિથી એક સારા શિક્ષક બનવાના પ્રયત્નો માટે હંમેશા પ્રેરણા આપી રહ્યું છે.

અસ્તુ

Teacher's Corner

The Dynamic Environment Around Us.

The environment we live in encompasses everything that surrounds us, from the natural world to our communities and the global society. It is a complex web of interactions and influences that shape our lives and the future of our planet. Understanding and appreciating this environment is crucial for our growth, development, and sustainability. Our natural environment consists of the air we breathe, the water we drink, the land we inhabit, and the biodiversity that surrounds us. It provides us with resources essential for life and supports diverse ecosystems. However, it faces threats such as pollution, deforestation, climate change, and habitat destruction. As stewards of the Earth, it is our responsibility to protect and conserve our natural environment for future generations.

As students and future leaders, as parents and citizens of a country, as educators it is a combined responsibility of all of us to understand, respect and protect the environment around.

At VPS Sustainable development goals are always given a priority and we work to achieve it through our systems. Our respected Director Principal always guides us regarding the implementation of these goals and our curriculum has included the concept at its core. i.e. in the teaching learning process. We conduct activities which focus on creating awareness about our environment. Our campus is a beautifully built space which inculcates the goals in the design. I would like to conclude by saying let us work together to preserve our natural resources, promote social equity, harness technological innovations, and build sustainable communities for a brighter future. Plant one tree around you, let it grow and it will help generations ahead to survive peacefully. Together, by our actions we can make a positive difference in the dynamic environment around us.

-Anushka Joshi, Educator at VPS

The Power of Resilience: A Key to Unlocking Mental Well-being

As a School Counsellor, I've witnessed first-hand the incredible impact that resilience can have on a young person's life. Resilience is the ability to bounce back from adversity, to adapt to challenging situations. It's a vital skill that can help you navigate the ups and downs of adolescence with confidence and purpose. Now the question arise here, what exactly Resilience is?

Resilience is not about being immune to stress or challenges, but rather about developing the skills and strategies to cope with them. It's about learning to navigate uncertainty and unexpected setbacks with flexibility, adaptability, and creativity. When we're resilient, we're better equipped to handle life's challenges and emerge stronger on the other side.

Instead of just talking about resilience let me highlight how we can use Resilience.

Here are some practical tips:

1. Practice self-care: Getting enough sleep, exercising regularly, and eating a balanced diet.
 2. Develop problem-solving skills: Approach challenges with a growth mindset, focusing on finding solutions.
 3. Build strong relationships: Surround yourself with supportive friends, family members, and mentors who can offer guidance and encouragement.
 4. Practice mindfulness: Regularly take time to relax, reflect, and recharge through meditation, deep breathing, or yoga.
 5. Embrace failure: View setbacks as opportunities for growth and learning, rather than as failures
- Remember!!! Developing this skill, you'll be better equipped to manage stress, build strong relationships, and achieve your goals.

Ruchika Verma
School Counsellor, Vapi Public School

Alumni Corner

This is me Shrestha Gupta, I passed out from VPS in 2020 and since then i completed my Bachelors in Accounts and Finance from Mumbai (SNDT women university) and then have been preparing for CAT 23 and secured 98.93%ile.

I received calls from various prestigious B school and consulted with many of them and after careful consideration I decided to join INDIAN INSTITUTE OF MANAGEMENT, MUMBAI (IIM mumbai).

Hi, I am Rimal Kotadia an alumini of Vapi Public School and a BBA graduate 2021 from Ahmedabad University. I am the Director CEO at BioTech Industries. We specialize in water treatment. I also look into the development of Vapi Public School & LEAF. Recently I started a company in which I aim to work in the domain of eCommerce, education & psychology.

Tanvi Kashiyani here

To introduce my Professional journey, Previously I have completed my graduation BA in Psychology from Maharaja Sayajirao University of Baroda. Recently completed (Masters in Counselling psychology) 2 years from Shreemati Nathibai Damodar Thackersey Women's University, Churchgate Mumbai. Placed with organisation named "The life foundation" with 175 schools (ICSE, CBSE and mumbai public schools) in Worli, mumbai a Counselling Psychologist.

Anirudh Mahida here, from the very first graduating class of the ISC Science. I'm thrilled to announce that I've returned to Vapi Public School, but this time as a teacher! I started on April 29th, 2024 and I'm already loving being back in the VPS Family.

Since graduating, I've pursued my passion for science by earning a Bachelor's in Medical Laboratory Technology (2020, First in the class) and a Master's in Microbiology (2022).

Bhumit Desai Here,

As a first batch alumni, immensely happy to see everyone of you growing superb in personal and professional life. To introduce my professional journey, I am associated with Ajmera Group of Companies based out in India and UK. I am heading Marketing Dept. for the organisation.

Parents Feedback

Parent of Kashish Patel XII Commerce

- The infrastructure is well crafted and is awesome
- Co scholastic activity is good for children as it adds creativity to their thoughts and also they learn something new.
- The school provides great environment to the children. They learn to communicate with others through tea time talk. There are counsellor who help the students to reduce their stress regarding studies.
- The school staff is polite to every students and parents. The teachers are also good at communicating with parents.

Parent of Payal Sirvi XII Humanities

- Infrastructure of VPS is commendable and play a crucial role in creating an optimal learning environment for students.
- VPS provide a safe environment.
- VPS has established a highly efficient system of communication

Parent of Kavya Savjani XII Commerce

- The learning of children is ensured in VPS through a comprehensive approach.
- VPS has an effective communication system that ensures information flows smoothly among students, parents, and staff.

Parent of Vrushti Shah XII Science

- VPS definitely help the over all development of the child.
- VPS provides a safe environment for the students.

Parent of Ali Chawadawala XII Humanities

- VPS has excellent green environment along with thoughtful and good school infrastructure. This makes it a good place for the children to study, which is important as the student spends maximum time in school thus lead to happy learning.
- Boosts Self Confidence, makes them responsible, self awareness, stay committed, learn time management, creates a strong and homely bond with teachers and makes a child feel valued.
- VPS teaches children how to be future ready with positive attitude towards life. Teaches empathy, show sympathy where it is needed. This develops to a strong and respectful personality mentally and emotionally.

Parent of Dhairya Pandya XII Science

- My child has been involved in co-scholastic activities like quizzes and there has been growth in his character and personality.
- VPS has good mentors to support the students and guide them in their academic journey.
- VPS has improved over the years and the new application is seamless and effective.

Marketing team of VPS

Rimal Kotadia a graduate in Business administration is the Director CEO of Bio tech industries which specializes in water management. Along with this he has started a company which aims to work in the domain of e-commerce education and Psychology. He has initiated in creating a marketing Club in VPS in which Commerce stream students are an integral part. He is guiding and preparing them to use advance technology in learning and promoting marketing and the communication skill among students. He also looks into the expansion and growth of Vapi Public School and LEAF the way to Grow.

Annual Report of the School

As we gather on the wings of Udaan, the spirit of flight, it is my honor to stand before you and reflect on the remarkable journey we've embraced at VPS.

Let's celebrate the collaborative spirit of our Parents Partnership Programs. A heartfelt acknowledgment to the parents who have become our partners in education, sharing insights on diverse cultures and life experiences, careers, creating a vibrant tapestry of learning.

Our commitment to aligning with the National Education Policy and embedding Sustainable Developmental Goals, in our curriculum stands strong. We're molding students not just academically but as diligently global citizens, equipped with 21st-century skills. Hence we have,

a holistic approach to Education and students' well-being.

This academic year, our school embraced the theme of Respect and Punctuality as an integral part of our ethos. We believe that fostering a culture of respect and punctuality. contributes to a positive learning environment and instills vital values that our students will carry with them throughout their lives.

A unique hallmark of our school is the liberal subject offerings for class 9th to 12th, transcending streams. From Artificial Intelligence to Home Science, we're nurturing diverse talents and passions. To prepare our children for embracing the technology to enhance 21st century skills we are introducing Robotics and Artificial Intelligence for class IX from 2024-25.

We have taken a step towards extended learning support by introducing VPS Learning App. Our Nakshatra Astronomy Club has been instrumental in providing our students with invaluable space education experiences. We have class wise activities also for higher classes star gazing sessions as we have well equipped astronomy lab.

This initiative not only ignites their curiosity about the cosmos but also fosters critical thinking, problem-solving, and teamwork skills, preparing them for future scientific endeavors. We are proud to offer such an enriching platform that nurtures a passion for astronomy and inspires our students to reach for the stars.

Our Lakshya Air Rifle shooting club is not just about aiming at targets; it's about precision, focus, and the discipline that comes with mastering a skill. I'm proud to declare that the club is open to all - students, parents, and enthusiasts alike. It's an opportunity to learn, breathe, and shoot for the stars. Our students have won laurels in rifle shooting too.

Our pride swells in being associated with the CISCE Board. Their commitment to excellence resonates with ours, and we're privileged to be part of a board that is student friendly and continually evolves to meet the dynamic needs of education.

Our teachers are the architects of tomorrow, undergoing continuous professional development causes for enhancing their teaching learning skills and techniques. From Cognitive Behavior Therapy to National & International Career Counseling, we ensure they are equipped to guide, mentor, and inspire. We empower our students through enriching workshops, study tours, and student cabinet sessions. The recent Kerala study tour was a testament to broadening horizons, nurturing values, and building problem-solving skills.

Annual Report of the School

Our students play pivotal roles in execution of school events, learn leadership through proxies, conduct reading classes & are actively involved in decision-making. This fosters respect, understanding, and a keen sense of responsibility. Our YES Youth Club and Interact Club work vibrantly.

This year, 40 students soared in national sports events, clinching 10 medals. A testament to our dedication to holistic development.

Our crowning achievement is the 100% result in class 12th and 10th board exams across all three streams. A tribute to our students' hard work, our teachers' dedication, and our collective pursuit of excellence. Congratulations to our school toppers. and their parent

We are incredibly proud of our students' remarkable co scholastic excellence in Olympiads, Art, classical dance, classical, music, quiz, elocution, karate, rifle shooting and sports competitions.

Our alumni community is our pride. Their continuous engagement, feedback, and initiatives like the Marketing Experiential Learning Course for 11th graders exemplify their commitment to giving back. One more alumni has committed to extend financial support to a student.

This year we provided Internship for a few of our alumni's and we look forward to offer more going forward. It is a very proud moment when such interests are shown and seen executed.

We have received many appreciations from the distinguished guest, authorities, credited organizations and International Visitors.

This is all because our school is system driven Accredited to NABET. Proud to share that our International youth exchange students of previous years visited our school this year.

As the Director Principal I would like to express my deepest gratitude to the management of Vapi Public School for providing us with a holistic learning environment and consistently investing in infrastructure development. Their unwavering support has not only enhanced our students' educational experience but has also allowed us to create a nurturing atmosphere where every child can thrive.

Before I conclude, let me shine a light on an initiative close to our hearts - Vatsa Tapovan, where we celebrate the journey of life even before it begins. Our Garbha Sanskar program Education from Womb embodies the philosophy that education begins long before a child steps into a classroom. It starts in the gentle rhythm of a mother's heartbeat, in the soothing notes of classical music, and in the embrace of ancient wisdom.

In closing, I declare our commitment to keep reaching for new heights, fostering an environment where every student can spread their wings and soar. Udaan is not just a day; it's a journey of perpetual flight, and I invite you all to soar with us.

I take this moment to pay tribute to my father figure and mentor who left for his heavenly abode this year. Lt. Col. (Retd.) Vijay S. Bedekar, He was a guiding spirit, whose brain I used to pick, came up with solutions and encouraged me to find innovative ideas and the courage to apply them. I am sure that his blessings will always be with VPS and will push us always in the right direction.

Thanks to each one of you for being an integral part of our school where we believe in not just educating minds but empowering lives.

Wishing all of us a glorious Udaan ahead.

लोकः समस्तः सुखिनो भवन्त - May all beings everywhere be happy and free. THANK YOU

Dr. Alpa S. Kotadia

- Krish Shah
- Swastik Panchal
- Aadithya Thuruthy

Vatsa Tapovan Centre

Education from Womb - Garbh Sanskar

तेजस्वी बालक : तेजस्वी भारत

An initiative taken by Shri Narendra Modi

- गर्भ विज्ञान के माध्यम से उत्तम संतान की प्राप्ति हेतु मार्गदर्शन केंद्र
- अजन्मे शिशुओं के लिए 280 दिन की पाठशाला
- गर्भस्थ शिशु के लिए गर्भ में ही शारीरिक, मानसिक, बौद्धिक, भावात्मक और आध्यात्मिक विकास की व्यवस्था
- गर्भवती माताओं को विशेषज्ञों द्वारा उचित मार्गदर्शन
- आहार पोषण और प्रसव पूर्व देखभाल के लिए मार्गदर्शन
- गर्भवती माताओं के लिए प्रतिदिन दो से ढाई घंटे की गतिविधियों का आयोजन
- जन्म से लेकर तीन वर्ष तक के बच्चों की माताओं के लिए प्रतिदिन डेढ़ घंटे की गतिविधियों का आयोजन
- आज ही हमसे संपर्क करें और वत्स तपोवन से जुड़ें
- भाग लेने वाली माताओं को प्रमाणपत्र दिया जाएगा।

Zoom Classes available
Rs. 500/- per month
